

This is a succinct and profound presentation of perhaps the most radical and far-reaching reading of psychoanalysis available. Patrick McCarty studied under the great French philosopher Jacques Derrida and worked as an academic for 25 years. Today, he is a professional writer (over one hundred titles to his credit) and the host of ICG/CNN Radio, where he dialogues with the central innovators, writers, artists and thinkers of the 21st century. He had the honor to serve as a speech writer for VP Joe Biden and the governor of Utah. His radio program has been cited in the media as the greatest force for progressive change today.
