

This book is about creating your life just as the artist creates a painting, a composer writes a symphony, or the poet writes a poem. Robert Fritz further develops his special insights that he introduced in his best selling book *The Path of Least Resistance*. In *Your Life As Art*, Fritz shows the relationship among the mechanics, the orientation, and the depth of the human spirit within the creative process, and how your life itself can be made like a work of art. *Your Life As Art* breaks new ground, shakes up the status quo, and, at once, is common sense and revolutionary insight that can change the way you understand the dynamics of your life-building process.
